In response to the dynamic challenges of modern society, the Brownsville Police Department has continued to prioritize the importance of building a strong relationship and partnership with the community it serves. The Brownsville Police Department has actively participated in various community events throughout the year. The department emphasized high visibility while on duty, allowing an officer to be more approachable and available to the community. The SMART team can be activated in various scenarios, particularly those that surpass the existing physical and organizational capabilities of a single law enforcement agency. Such situations may include natural disasters, large-scale emergencies, or incidents involving hazardous materials that require a coordinated response.
